<https://github.com/ishara425> | Hakmana, Matara, Sri Lanka

SUMMARY

Fourth-year ICT undergraduate with strong foundations in software development, web technologies, and database systems. Hands-on experience in full-stack web application development using Spring Boot, React, and MySQL, including hosting production-ready applications. Proven ability to work in team-based environments, demonstrated through a 1st place win at the Hacktrail Hackathon 2024. Seeking a Software / ICT Internship to apply technical skills, gain industry exposure, and contribute to real-world projects.

EDUCATION

Bachelor of Information & Communication Technology (Honours)

2023 - Present

University of Ruhuna, Sri Lanka

- Current: Fourth Year

GCE Advanced Level Examination

2020

Mahinda Rajapaksha College, Matara

- Technology Stream: ICT (A), BST (C), SFT (B)

GCE Ordinary Level Examination

2017

- 5 A passes

TECHNICAL SKILLS

Programming Languages:

- Java, C, Python, PHP, HTML, CSS, SQL

Frameworks & Libraries:

- React, Node.js, Express.js, Spring Boot

Database Technologies:

- MySQL, Database Design, Normalization, SQL Query Writing

Software & Tools:

- GitHub, Microsoft Office, Canva

Technical Concepts:

- Object-Oriented Programming (OOP), Web Application Development, RESTful APIs, MVC Architecture

PROJECT EXPERIENCE

AIIESEC in Ruhuna – Web Application

Full-Stack Developer | Spring Boot, React, MySQL

- Developed event management functionalities to support organizational activities
- Implemented backend logic using Spring Boot and REST APIs
- Designed and managed relational database structure using MySQL

- Integrated frontend components using React for dynamic user interaction
- Collaborated with team members to ensure system functionality and usability
- Successfully hosted and deployed a functional web application for organizational use

ACHIEVEMENTS

1st Place Winner – Hacktrail Hackathon 2024

- Participated as a team member in a competitive hackathon environment, contributing to problem-solving, idea development, and technical implementation.

Personal Skills

Teamwork: Proven ability to work effectively in team environments

Leadership: Demonstrated through roles in student organizations

Communication: Strong verbal and written communication skills

Creativity: Innovative problem-solving approach

Time Management: Effective task prioritization and meeting deadlines

Problem-solving: Analytical thinking and solution development

Languages

- English: Professional Proficiency
- Sinhala: Native Proficiency
